High School Leadership Board (HSLB)

HSLB

The High School Leadership Board (HSLB) is a service-learning and leadership development group comprised of outstanding high school junior and senior students from local schools that was developed in 2015 to provide a unique opportunity for students who want to get more involved with a community non-profit, focused on senior hunger. These students contribute to and inform Meals On Wheels programming, while acting as ambassadors and leaders in their communities.

Mission

The mission of the HSLB is to connect high school students with Meals On Wheels and the Tampa community, through a variety of activities including volunteering, fundraising and program development. The group meets monthly during the school year.

Benefits

The HSLB helps to prepare students for college by providing valuable lessons and skills, like teamwork, leadership, communication, self-confidence, volunteerism, fundraising, event planning, program development, community engagement, and public speaking. Letters of recommendation and service hours are provided also.

Change Lives

The HSLB organizes a music fest each year to fundraise for something that will improve the lives of those we serve. In 2016, they developed and introduced a new program, Water On Wheels, to encourage healthy hydration.

Meals On Wheels of Tampa

MOWTampa has been committed to nourishing, enriching, and strengthening the lives of homebound and seniors since 1975. Today, the volunteer driven agency serves over 800 people with a hot meal during the lunch hour. MOWTampa is a 4-star charity and relies on its community for support by not accepting government funding.
